Revenue Commissioner in Mysore.

To Chief
The Secretary to the Government of
His Highness the Maharaja of Mysore,
~~Department~~

SIR,

I have the honour to suggest for the considera-
)n and orders of Government, the undermentioned modifications
the rules for regulating the transport and sale of certain
)d grains issued under notification No. G.9337 P.P.134-18-21
ted 23rd November 1918 (Appendix II to Government Order No.
)378-432 P.P.134-18-26 dated the 25th idem).

2. Rule 1 requires every person other than a
:ensed dealer having 5 pallas of ragi, rice, jolam or navane
10 pallas of paddy to maintain and furnish an account of
: stock. Now that the new harvest has come in and grains
: coming freely to the market and the situation has generally
)roved everywhere, there seems to be no need at present to
)rcise such minute scrutiny over the accounts of stockholders.
s question ~~had come~~ came up before the Food Supplies Committee
and it was resolved in their meeting held on the 17th
ember 1918 that accounts may be ordered to be maintained
y by persons who have a stock of 25 pallas and upwards of
'i, rice or jolam or 50 pallas and upwards of paddy. I
nk this minimum may be adopted and the rule modified
ordingly.

SUBJECT.

Suggesting certain modifications in the rules re transport and sale of certain food grains.

3. In their recent order No. G.12920-70 I.I. 34-18-158 dated the 1st January 1919, Government have escinded rule 2 of the notification referred to above relati o the issue of permits for the transport of grains by road ithin the State. As this practically cancels also rules 3 nd 5 (i) of the notification, an order may be issued cancel- ing these Rules also.

4. The account to be maintained by the wholesale ealers under rule 5 (iii) is required to be in such form as ay be prescribed by the Deputy Commissioner or Municipal resident as the case may be. Instead of allowing the form o be prescribed differently by different officers, I would uggest that the Government may themselves prescribe the form somewhat as shown hereunder:--

ng e	Received during the month.			Disposed of during the month.					Balar stock the e the n
e pur- f chase. nth.	By local	Imported from places within the State.	Import- ed from outside State.	Total.	Sold to retail dealers.	Sold to the pub- lic in the State.	Sent outside the State.	Other- wise dispo- sed of.	Total.	
	2	3	4	5	6	7	8	9	10	1

5. Rule 6 (i) requires that a notice board shoul be put up in front of each retail shop showing the maximum ra at which the grain would be sold. As the market rates have, in many places, gone down below the maximum rates fixed by Government, there is no longer any need for the notice board

which, instead of helping the purchaser, may create an erroneo impression in the minds of the ignorant people that the rates given therein are the market rates. This rule may, therefore be cancelled.

6. In regard to rule 6 (iii) requiring the -- licensees to maintain a regular account of all purchases and sales, I beg to state that as it was brought to notice that this would entail considerable hardship on the retail licensees many of whom were illiterate, confidential instructions were issued to the Deputy Commissioners last month as directed by the Member of Council, to relax this Rule at their discretion. This does not seem to have quite met the situation as it is reported that in the city of Mysore a few of the retail dealers returned their licenses owing to the difficulty of maintaining accounts. As it is not worth while troubling petty retail dealers by insisting on the maintenance of accounts by them, I would recommend that the rule in this respect may be amended so as to make the maintenance of accounts compulsory only ~~by~~ licensees who have at any time in their possession or under their control 25 pallas and upwards of rice, ragi or jolam, or 50 pallas. and upwards of paddy.

I have the honour to
